BECOME A PORTRAIT PHOTOGRAPHER! WORKSHEET

1. Who is in the photo?

2. When was it taken?

3. How do you feel when you look at the photo?

4. Next, investigate the image using the new vocabulary you have learned (see the online activity).
 - a. Describe the composition of the image.

 - b. Describe the background and foreground of the image.

 - c. Describe the focus of the image.

5. If you could ask the person or people in the photograph two questions, what would they be?

6. If you could tell the person or people something, what would you tell them?

7. How will you recreate this photo? What items might you need? What items can you use to improvise a similar look to what you see in the image?

TIPS FOR PLANNING OUT YOUR PORTRAIT! THINK ABOUT--

- **Lighting.** Think about where you see light and shadow in the original image.
- **Setting.** Where was the original photo taken? Can you set up a similar background?
- **Objects.** Is the subject holding a book? Find a book that you can use in your recreation.
- **Mood.** Does the subject of the original photo look happy? Can you mimic their smile?
