

# Lost Rolls America Parent Activity

## SCAVENGER HUNT WORKSHEET

- Describe how the photos fit the theme.

---

---

---

- Discuss how the photos may stray from the theme.

---

---

---

- Are there other themes that unite these particular 4 images? What are they and how do you see them working across the images?

---

---

---

- Think of another image you yourself could take that could fit a theme you identified in Steps 1-3. For instance, if your theme is "animals," maybe you would include an image of your dog, running in the backyard.

---

---

---

- Write two observations you have made about how themes work in and across photographs.

---

---
